

# 3RD INTERNATIONAL CONFERENCE ON REBUILDING PLACE (ICRP) 2018

京都工芸繊維大学  
KYOTO INSTITUTE OF TECHNOLOGY

Malaysian Institute of Planners

**ICRP** is an international conference focusses on safe cities and resilience communities. Accepted papers shall be published in the proceedings of the 3rd ICRP 2018. **Selected papers shall be published in the double-blind peer reviewed of Malaysian Journal of Sustainable Environment (MySE) or also be published in chapter of book with topics on 'Safe Cities & Resilience Communities'.**

Urbanization has mainly concentrated on the development of economic activities which have lead to boosting the growth of the economic. However, the process has also promoted inequality, social destruction, environmental damage as well as has direct impact on the criminal behaviour that affects the quality of human life. Thus, the strength of community spirit and environmental development as well as organizations need to be balanced in order to maintain the sustainability of the quality of urban life.
